

4 nights during the weeks of
April 14th to May 3rd 2019
A value of \$700

Make plans for next year to take a trip to Door County Wisconsin and explore all the wonderful surprises this peninsula has to offer or just walk along the sand covered beach and warm yourself by a roaring fire.

About the Property

Treat yourself and those you love to a classic Door County get-away.

Treat yourself to a classic Door County get-away. North Haven is nestled on one of the quietest stretches of beach along Lake Michigan. Enjoy breathtaking sunrises, quiet walks, a beach fire under the stars, and the sound of waves at night. You might even spot a pair of nesting bald eagles just to the south.

The cottage is located between Jacksonport and Baileys Harbor. This location allows you to enjoy the "Quietside" of Door County with easy access to such attractions as Whitefish Dunes State Park, Maxwellton Braes Golf Course and Cana Island Lighthouse. While there are many excellent shops and restaurants nearby, the Green Bay side of Door county is just minutes away.

North Haven has a fully equipped kitchen, a great room with fireplace, and recently remodeled bathroom. There's a queen size bed in one of the bedrooms and a triple bunk bed in the other. The great room has a sleeper sofa. You won't find the distractions of a TV or the internet, but you can view your favorite movies on a DVD player. The cottage can be heated should the weather turn unseasonably cold. North Haven is a housekeeping cottage. Blankets and pillows are there for your use. Linens and towels are not provided. Guests have access to a deck for conversation or a relaxing meal overlooking Lake Michigan. North Haven is the perfect place to unwind and step back from our busy lives.
